Boundary Scenario Update

GREEN BAY, WI – April 29, 2024– On Tuesday, April 30, the Boundary Adjustment Advisory Committee will be meeting to enter the next phase of the boundary work. The new scenarios to be discussed were created based upon feedback from the committee and community. At this time there is no timeline specified for the proposed boundary adjustments, however, a referendum would need to pass for some of the proposed changes to be implemented. **The boundary changes would not occur for the 2024-25 school year.**

One option proposes the following:

- Construct a new 700 student west side elementary on Kennedy site
 - Consolidates MacArthur with Keller/Kennedy Elementary School
- Close Elmore Elementary
 - Attendance boundary would be split between Chappell Elementary and Lincoln Elementary
- Extend Beaumont Elementary Boundary east to the Fox River
 - The portion of Tank's attendance boundary south of Mason would be moved to Beaumont to accommodate Elmore students moving to Lincoln. Students in this attendance area would be placed in their original feeder pattern to Lombardi/Southwest.
 - If this option were to happen, the Board would be asked to allow Tank families who were already moved to Lincoln in the 2024-25 school year to be able to stay at Lincoln, if they choose.
- Consolidate Doty Elementary and Langlade Elementary
 - Committee will be asked to make a recommendation on which school to close
- Modify the Sullivan Elementary/Nicolet Boundary

- A small portion of the Nicolet attendance area would move to Sullivan
- Modify the Danz Elementary/Martin Elementary Boundary
 - Martin Elementary boundary would move north to Deckner Avenue
- Modify the Webster Elementary/Langlade Elementary Boundary
 - Webster Elementary boundary to move south to Hwy 172

The Boundary Adjustment Advisory Committee will also review alternate options, which include:

- Construct a 600 student westside elementary school (the same size as Baird Elementary located on the east side of the city), for the consolidation of MacArthur with Kennedy/Keller. With this option MacArthur's attendance boundary would be split between the new elementary school and King Elementary.
- Close Elmore Elementary with the attendance boundary being split between Chappell, Fort Howard and Lincoln. This option may be needed if a referendum fails for a new westside elementary school in order to close both Elmore Elementary and MacArthur Elementary.

The community will have opportunities to provide feedback on the final proposal from the committee prior to a recommendation being presented to the Board of Education.

Public Presentations on Boundary Recommendation

May 7, 2024

12:15 p.m. and 6:00 p.m.

Neville Public Museum

Information and a feedback survey will also be available on the District website, beginning May 7. Please watch for more information.

Founded in 1856 with the opening of the Sale School, the Green Bay Area Public School District is more than 150 years old. A unified school district of 92 square miles, it covers the city of Green Bay, all of the village of Allouez, the village of Bellevue, the town of Scott, as well as part of the towns of Ledgeview, Eaton, Green Bay and Humboldt. For more information, visit the district website <http://www.gbaps.org>.
